ABOUT ME

Hi, I am a designer with marketing & UI experience. I'm passionate about creating great digital products. I'm able to work with a wide range of media, delivering creative and innovative design solutions across all touch-points to enhance user experience, grow market share, and maximize return on investment.

I have vast experience working in B2B high tech companies such as Otorio, Cyolo, CallVU, D-ID, Techaya also agro companies: Danziger, Growin, educational institutions: Bar-Ilan University, Mofet Organization, Meir Shfeyah Youth Village. I work on different types of projects including web, app, exhibit design, infographics, design for social media, presentations & more.
